 - (b) such other information as is reasonably required by the Administration Board,

provided that if the name, address or other information notified to the Administration Board changes at any time, the grower concerned shall forthwith give to the

Administration Board notice of such change in such form as the Administration Board may from time to time determine.

Seed Cane

72. No grower shall sell or otherwise dispose of any seed cane without the prior approval of the Local Pest, Disease and Variety Control Committee having jurisdiction over the land on which the cane is grown.
73. A Local, Disease and Variety Control Committee may require a grower within its jurisdiction who intends to use his or her own cane for seed cane on his or her own land to obtain the Committee's prior approval therefor.

Permanent Closing Down or Resiting of Mill

74. If a mill intends to resite or close permanently, it shall give the Administration Board and its Mill Group Board at least two months prior written notice thereof and the Mill Group Board shall without delay take all reasonable steps to notify all affected growers of the intended resiting or closure and no grower shall have any claim or obligations against or to the mill in consequence of the resiting or closure, save in respect of any contract which may subsist between the grower and the mill.

Control of Pests and Diseases and Varieties of Cane

75. The provisions of this Chapter relating to the control of pests and diseases and varieties of cane are intended specifically to prevent or abate loss and damage suffered by growers and the sugar industry and shall be read and construed as supplemental, in aid and not in derogation of the Agricultural Pests Act, 1973 (Act No. 3 of 1973), or any other legislation relating to pests and diseases in plants.
76. In clauses 77 to 96, unless the context otherwise indicates -
- (a) "grower" in relation to land on which cane is growing includes a person who has title to the land or who is actually in occupation of the land or who

otherwise has the right of management, care, control or use of the land;
and

- (b) “proclaimed area” means a control area or part of a control area designated under clause 77.

**Pests and Diseases and the Compulsory
Harvesting or Destruction of Cane**

77. If, in the opinion of the South African Sugar Association, it is expedient that remedial operations on or the harvesting or destruction of any cane infested with any pest or disease be made compulsory in any control area or part of a control area, the South African Sugar Association may by notice in the *Gazette* proclaim the control area or a part of a control area as an area (a “proclaimed area”) in which remedial operations on or the harvesting or destruction of cane infested with the pest or disease in question shall be compulsory on all growers in respect of land situated within the proclaimed area.
78. The South African Sugar Association may in the notice referred to in clause 77, publish such procedures, directions or orders as it may determine for the purpose of regulating remedial operations to be carried out on or the harvesting or destruction of cane and the South African Sugar Association may from time to time and in like manner amend or withdraw any notice or suspend the operation of any notice for such period as it may deem fit or in relation to such part of the proclaimed area as it may specify.
79. Each grower in respect of land situated within a proclaimed area shall carry out the remedial operations or the harvesting or destruction of cane with a view to the eradication of the pest or disease in question as may be required to be complied with in terms of a notice referred to in clause 77.
80. If the grower fails or omits to promptly comply with, to the satisfaction of the Local Pest, Disease and Variety Control Committee concerned, any procedure, direction or order published in terms of the notice, the committee may, at the expense of the grower, cause the procedure, direction or order to be carried out and the grower shall forfeit all rights to the proceeds, if any, of any cane harvested upon the land in

question, which proceeds shall be payable to the South African Sugar Association.

81. If the proceeds referred to in clause 80, are insufficient to meet the costs incurred by the South African Sugar Association in causing any procedure, direction or order so carried out, the South African Sugar Association shall be entitled to claim the shortfall from the grower and a certificate by the South African Sugar Association's auditor as to the amount so due shall be *prima facie* proof of the amount.

Varieties of Cane

82. On or before 31 March in each year the South African Sugar Association shall cause to be published a notice in the *Gazette* which shall specify in respect of each control area or respective parts of each control area the varieties of cane approved by the South African Sugar Association for planting and such notice shall come into force on 1 April following the date of publication and shall remain in force until the following 31 March.
83. No grower shall at any time plant cane other than a variety of cane at that time approved by the South African Sugar Association for planting in the relevant control area or part thereof in which the grower's land is situated, in terms of the South African Sugar Association's said notice then in force.
84. A grower who plants land to an approved variety of cane shall, in the event of the approval being withdrawn in respect of the control area or part of a control area concerned, but subject to a right of appeal to the Administration Board, eradicate the cane within the period and in the manner determined by the relative Local Pest, Disease and Variety Control Committee and laid down in a written order duly served on him or her.
85. Save during the period determined by the Local Pest, Disease and Variety Control Committee for the eradication of a previously approved variety of cane, no grower shall deliver to a mill and no mill shall knowingly accept delivery from a grower of a variety of cane which is not, in the year of delivery, an approved variety for planting in the control area or part of the control area in which the grower's land is situated.

86. Any cane which is not a variety duly approved for planting in the control area concerned or part thereof and any cane which is growing on a grower's land after the expiration of the period determined for the eradication thereof in terms of an order referred to in clause 84, shall be deemed to be diseased sugar cane to which the provisions of clauses 79, 80 and 81 shall *mutatis mutandis* apply.

Compensation for Eradication of Cane

87. The South African Sugar Association may in its discretion and having due regard to equitable considerations compensate a grower for loss suffered due to the eradication of his or her cane before the time it would normally be ploughed out, if the South African Sugar Association is satisfied that -

- (a) the grower has become obliged to eradicate the cane due to the pest and disease control provisions or control of varieties provisions of this agreement; and
- (b) the loss has occurred due to circumstances beyond the control of the grower:

Provided that if a grower feels aggrieved at any decision of the South African Sugar Association in the exercise of the discretion, he or she shall have the right to appeal against that decision to the Appeals Tribunal, whose decision shall be final and binding on the grower and the South African Sugar Association.

Local Pest, Disease and Variety Control Committees and Officers

88. The South African Sugar Association -
- (a) shall establish, cause the appointment of committee members of and make rules by which to regulate the procedures to be followed by respective Local Pest, Disease and Variety Control Committees and Local Pest, Disease and Variety Control Officers (hereinafter referred to as officers) for respective control areas or parts of control areas and shall determine the area of jurisdiction of each committee and officer and shall provide for the

identification of and the written authority to be produced by all officers so appointed;

- (b) may delegate any of its functions in terms of clauses 77 to 96 to a Local Pest, Disease and Variety Control Committee; and
- (c) shall have the power to impose levies in accordance with the recommendations of a Local Pest, Disease and Variety Control Committee on particular mills and particular growers to fund the costs and expenses of such committee and shall have the power to require the relative mills to deduct any levies imposed on growers from payments due to growers for cane deliveries.

Powers of Officers to Enter Upon Lands

89. Each grower in respect of land situated in a control area shall permit an officer on production by such officer of his or her written authority to enter upon the grower's land in order to perform any of his or her functions or those of a Local Pest, Disease and Variety Control Committee or any order or instruction given to him or her by the South African Sugar Association.

Inspection of Land and Order to Eradicate Pests or Diseases

90. Without incurring any obligation to pay compensation, a Local Pest, Disease and Variety Control Committee may cause an officer to inspect any cane on any land situated within its area of jurisdiction and to remove samples of any cane in order to ascertain whether any pest or disease inimical to cane exists on the land.
91. If an officer discovers upon any land within a proclaimed area the presence of any such pest or disease, or reasonably suspects the presence thereof on the land, the Local Pest, Disease and Variety Control Committee concerned may -
- (a) by order in writing duly served on the grower concerned declare the whole of the land or any specified portion thereof to be quarantined for such

period or periods as may be determined by the Local Pest, Disease and Variety Control Committee concerned and specified in the order;

- (b) by order in writing duly served on the grower require the grower to carry out in the manner and within the period specified in the order such measures as the Local Pest, Disease and Variety Control Committee concerned may specify for the eradicating or combating the pest or disease; and
- (c) by order in writing duly served on the grower require the grower to carry out any remedial operation on or to harvest or destroy any cane growing on his or her land in the manner and within the period specified in the order and to keep his or her land or any portion thereof free of any such sugar cane for a period specified in the order.

- 92. Any order issued under clause *91* shall be subject to an appeal to the Administration Board.
- 93. Should a grower upon whom an order under clause *91* has been duly served fail or omit to duly observe or comply with the terms and requirements of the order, the South African Sugar Association may cause the order to be carried out in accordance with the provisions of clause *80*.
- 94. The Administration Board shall have power to consider and decide any matter in respect of which any Local Pest, Disease and Variety Control Committee is unable, due to a disagreement among its members, to come to a decision.
- 95. Any appeal to the said Administration Board shall be noted in writing and delivered at the office of the South African Sugar Association within 14 days of the service upon the grower concerned of the order against which the appeal is noted.

Service of Notice or Order

- 96. Any order in terms of the provisions of clauses *84* or *91* shall be deemed to have been duly served on the grower concerned -

- (a) if it is delivered to the grower personally;
- (b) if it is delivered to his or her duly authorised representative;
- (c) five days, excluding Saturdays, Sundays and public holidays, after it is sent by certified or registered post to the last known business or residential address of the grower; or
- (d) if it is delivered at the land concerned, in the absence therefrom of the grower, to a person apparently in charge thereof.

CHAPTER 4

SUPPLY OF CANE

Cane Delivery Estimates

97. Each Mill Group Board shall, after consultation with the growers and mill concerned, and subject to the provisions of this agreement, from time to time make rules for the taking out of cane delivery estimates by growers who are contracted to supply cane to the mill, and for the better performance of its functions.
98. A grower shall, whenever so requested by his Mill Group Board, submit an estimate of the cane which he or she proposes to deliver to the relative mill during the crushing season in each year and all such estimates shall be made in good faith and the grower shall, with due regard to a mill's obligation to accept deliveries of cane, use his or her best endeavours to compile his or her cane delivery estimates with reasonable accuracy.
99. Reductions or increases in a grower's cane delivery estimates shall be permitted only in accordance with the rules determined by his or her Mill Group Board in accordance with the provisions of clause 97.
100. By not later than 30 September in each year, or such earlier date as is agreed upon by the Mill Group Board and the mill concerned, or such later date as may, with the approval of the South African Sugar Association, be so agreed, each grower contracted to deliver cane to the relative mill shall be required to submit to the Mill Group Board a cane delivery estimate relative to the current season, which shall constitute an undertaking by the grower to deliver the mass of cane indicated in the estimate and after that date the grower may only increase or reduce his or her undertaking, on good cause shown, to the extent permitted by the relative Mill Group Board and the mill concerned. The words "good cause" in this clause shall be construed as including

agronomic and such other factors and circumstances as may be considered appropriate.

101. If the Mill Group Board and the mill concerned cannot agree on a date other than 30 September, either party may refer the matter to the Administration Board for adjudication.
102. It shall be the duty of each Mill Group Board to take out at regular intervals and in accordance with its rules, estimates of cane which the growers concerned propose to deliver during the crushing season and to advise the Administration Board, the growers and the mill concerned of the estimates. Mills shall not be liable for incorrect estimates made by Mill Group Boards.
103. Mill Group Boards may determine any question relating to growers' estimates of production not specifically provided for in this agreement.

Cane Supply Agreements

104. A mill and a grower may enter into a contract (commonly called a "cane supply agreement") in terms of which -
 - (a) such grower will be obliged to grow cane on such grower's land;
 - (b) for a period, such grower will be obliged to deliver such cane to such mill and such mill will be obliged to accept such deliveries; and
 - (c) the mill and the grower concerned agree to ancillary contractual terms which are not in conflict with the terms of this agreement.
105. Cane supply agreements in existence when this agreement comes into operation, shall be suspended during the subsistence of this agreement insofar as they are in conflict with the provisions of this agreement, but otherwise they shall remain in force: Provided that references in any such existing cane supply agreement to sucrose or sucrose in cane shall be construed as references to recoverable value.

106. If a grower who is not contracted to deliver cane to the relevant mill, submits a cane delivery estimate to a Mill Group Board and such estimate is included, in whole or in part, in the Mill Group Board's delivery allocations for the year concerned, such grower and the mill concerned shall be deemed to have entered into a contract for the supply of that mass of cane referred to in such grower's initial estimate to the extent included in such delivery allocations, as it may be amended from time to time, for the year concerned. If a group estimate by several such growers is submitted and included in the delivery allocations, each of those several growers shall be deemed to have so entered into such a contract with the mill concerned in relation to his or her respective share of the group estimate.

Deliveries to Mills

107. Each grower shall -
- (a) deliver his or her cane to his or her crush mill;
 - (b) ensure that all the cane is delivered in such a condition that the mill concerned will be able to crush the cane efficiently, to which end, without derogating from the generality of the foregoing, each grower shall ensure that the cane is reasonably topped and either trashed or burnt.
108. Save insofar as may be otherwise agreed between a particular grower and his or her home mill and subject to any provision in this agreement to the contrary, each grower shall bear his or her own costs of transport of cane to the home mill concerned.

Times and Modes of Delivery

109. Each Mill Group Board shall be responsible, according to the terms of this agreement, for regulating all matters relative to the delivery time and mode of delivery applicable to each grower delivering cane to the mill concerned. The expression "delivery time" embraces the days of a week and the hours of a day during which a grower is required to deliver cane to a mill and the expression "mode of delivery" embraces the method by which cane is to be bundled, including the size of bundles, or not bundled and the type of delivery vehicle employed, so determining the manner in which the cane is

presented for off-loading at a mill's receiving facilities.

110. If, to suit the receiving facilities of a mill, the mill tranships or moves cane from one mode of delivery to another, the costs of transport from the transshipment point to the mill or the cost of moving the cane to the other mode of delivery shall be borne by the mill, save insofar as the parties may otherwise agree.
111. If a mill undertakes the haulage of a grower's cane by locomotive from railhead to mill, the costs of the haulage shall be borne by the mill, save insofar as the parties may otherwise agree.
112. Save insofar as this agreement otherwise provides, each grower shall deliver his or her cane to the mill concerned at the same delivery time and by the same mode of delivery he or she was entitled to employ immediately prior to the coming into force of this agreement.
113. If a mill or a grower wishes to effect a change in the grower's time of delivery or the mode of delivery to the mill concerned -
- (a) the proposal for the change shall be referred to the Mill Group Board concerned;
 - (b) the Mill Group Board concerned shall not effect the change unless -
 - (i) in the case of the delivery time, the grower concerned consents thereto and, if the proposed change will affect the rate at which cane in any particular mode is received by the mill concerned from other growers contracted to that mill, the mill consents thereto;
 - (ii) in the case of the grower's mode of delivery, except if the proposed change results from a change in such mill's receiving facilities effected pursuant to clause 115, both the mill and the grower consent thereto; and

if any dispute arises as to whether a delivery time or mode of delivery may be duly changed in accordance with the provisions of paragraphs (a) and (b), no change shall be given effect to until such time as the right to appeal has lapsed or such time thereafter as any appeal duly noted to the Administration Board or further appeal to the Appeals Tribunal shall have been finally disposed of.

114. A mill may refuse to accept the delivery of cane by a grower who persistently fails to comply with his allocated delivery time or mode of delivery.

Mill Receiving Facilities

115. A mill shall not effect a change to its cane receiving facilities if the effect of the change is to render unsuitable the mode of delivery employed by any of the growers contracted to deliver cane to the mill, except with the approval of all affected growers or the Local Grower Structure/s concerned.

Varieties of Cane

116. Each grower shall, as far as possible, deliver different varieties of cane in separate consignments, each identified by variety in the relevant delivery note. Each mill shall weigh consignments separately and keep a proper record thereof. The Mill Group Board concerned shall, as far as practicable, test the different varieties of cane separately for all elements required so as to arrive at the recoverable value. The Mill Group Board shall collate such data for industrial purposes.

Condition of Cane

117. Unless the terms of any contract between the relative mill and relative grower provide otherwise, if a mill is dissatisfied with the condition of cane delivered to it by a grower and does not wish to accept such cane, it shall refer the matter to the Mill Group Board concerned. If, in any such matter referred to it by a mill, the Mill Group Board concerned is satisfied that the condition of the cane is so defective that the mill concerned cannot efficiently crush the same, the Mill Group Board concerned shall order the cane to be redelivered to the grower concerned at the grower's expense, regardless of whether or not it has been weighed, in which event the grower shall not

receive any payment therefor. A Mill Group Board may delegate any of its functions in terms of this clause to a nominee.

Road Maintenance

118. Where, from 1 April 1984 until immediately before the date on which this agreement comes into operation, a mill has continued to be responsible for making available and maintaining a road over which a grower delivers cane to a mill, the mill shall, to the extent it continues to be legally entitled to do so and unless otherwise agreed between the mill and the grower, continue to make the road available to the grower and continue to maintain the same on the same basis as hitherto on condition that -

- (a) if any authority assumes the obligation to maintain the road or provides a suitable alternative road, the mill's obligation shall cease;
- (b) subject to any contractual rights the mill may have, the mill shall not charge the grower or his or her transport contractor for the use of the road; and
- (c) the provisions of this clause shall not apply if the mill makes available or maintains the relevant road pursuant to a contractual obligation, which obligation shall not be deemed to be extended by the provisions of paragraph (b).

Rateable Deliveries

119. Total deliveries of cane shall be made by a grower to the relative mill rateably over the full length of the crushing season, unless otherwise agreed to by the mill and the Mill Group Board concerned.

120. Each Mill Group Board shall, in consultation with the mill concerned -

- (a) determine rateable delivery allocations based on growers' delivery estimates in respect of all growers contracted to deliver cane to the mill concerned;

- (b) endeavour to facilitate co-operation amongst groups of growers to arrange for the sharing by the groups concerned of delivery allocations as may be appropriate in the interests of a rateable delivery schedule and the convenience of the parties concerned; and
- (c) advise growers and the mill concerned on all questions relating to delivery allocations and the rateable delivery of cane.

Special Delivery Allocations

121. A Mill Group Board may make special delivery allocations to growers at any time to secure the reasonably prompt delivery of cane damaged by frost, fire, drought, flood, pest or disease, or cane required to be harvested in terms of an order issued in terms of this agreement by a Local Pest, Disease and Variety Control Committee.

Supply of Information to Mill Group Boards

122. Each mill and grower contracted to a mill shall supply to the Mill Group Board concerned all information reasonably necessary for the Mill Group Board concerned to perform its functions in terms of this agreement.
123. Each such grower shall supply to the Mill Group Board concerned, by 30 April of each year or such later date as the Administration Board may allow, the following information regarding -
- (a) the area of his or her land reaped and tonnage of cane harvested therefrom in the previous year;
 - (b) the estimated area of his or her land to be reaped and tonnage of cane capable of being harvested therefrom in the current year;
 - (c) the estimated area of his or her land -
 - (i) under cane cultivation as at the previous 31 March;

- (ii) to be planted to cane during the current year; and
- (iii) which will be under cane cultivation on the following 31 March; and
- (d) such additional information as the Administration Board may reasonably require.

Failure by a Grower to Submit Estimates or Information

124. A Mill Group Board may withhold, or itself determine, a cane delivery allocation to a grower contracted to the mill concerned and who -
- (a) fails to duly submit estimates as required by this agreement the accuracy of which is acceptable to the Mill Group Board of the cane he or she proposes to deliver to the mill concerned; or
 - (b) fails timeously and adequately to furnish all the information and returns which he or she is required to furnish in terms of this agreement.
125. A Mill Group Board may, if the relative mill or any relative grower fails to carry out its or his or her obligations to furnish any information required of it or him or her, make estimates of the required information.

Cane Diversions

126. Mills may at any time divert supplies of cane from one mill to another.
127. Where mills agree to make diversions of supplies of cane in terms of this agreement, the identification of and payments for all cane deliveries shall be a matter for agreement between the mills concerned on condition that details thereof shall be notified to the Administration Board from time to time.
128. Save insofar as may be otherwise agreed by the grower and the home mill concerned -

- (a) any additional costs of cane delivery or of cane testing incurred in consequence of a diversion of cane from a grower's home mill to another mill to suit the convenience of mills, shall be borne by the grower's home mill;
- (b) where the diversion results in a saving of costs of delivery, the saving shall be for the benefit of the grower concerned;
- (c) where a diversion takes place mainly to suit the grower concerned, any additional costs of cane delivery or of cane testing shall be borne by the grower; and
- (d) any dispute between the grower and the home mill concerned in relation to the provisions of sub-paragraphs (a), (b) and (c) and any claim arising therefrom which is not resolved by negotiation between the parties, must be referred to the Administration Board which will have jurisdiction to determine that dispute.

The expression "costs of cane delivery" in this clause means the costs incurred in the loading, handling, transportation and unloading of cane from the time it is first loaded on a vehicle to the time it is off-loaded at the receiving facilities of the mill concerned.

129. Each mill shall notify its Mill Group Board and the South African Sugar Association monthly of the estimates of cane diversions agreed between any of them in terms of this agreement.

Local Grower Structure/s

130. If there is more than 1 Local Grower Structure representing growers contracted to deliver cane to a particular mill, then an agreement in terms of clause 130A may only be concluded and deductions in terms of clause 132A may only be made from cane proceeds, if and when those Local Grower Structures conclude a Co-operation Agreement."

130A. After conclusion of a Co-operation Agreement, where applicable, the Local Grower Structure/s may negotiate with a mill on behalf of all the growers contracted to deliver cane to such mill in relation to -

- (a) any agreement the mill may wish to enter into in relation to the length of its milling season;
- (b) the payment of compensation by the growers concerned to the mill concerned or by the mill concerned to the growers concerned if the milling season is extended beyond the agreed length thereof;
- (c) cane quality schemes and by-product payment schemes which may be offered to the growers concerned generally;
- (d) the liability of a grower concerned for damages or a penalty if such grower fails, without good cause, to deliver cane to such mill in accordance with such grower's cane delivery estimate;
- (e) any other matter relative to cane deliveries or cane supply which is of general application to all the growers concerned; and
- (f) the continuing application of any specific provision of any cane supply or similar agreement subsisting between the mill concerned and a grower at the time this agreement comes into force and that may otherwise fall away or be superseded according to clause 131.

131. Any agreement resulting from such negotiation shall be binding on the mill concerned and all growers concerned. Any such agreement shall be supplementary to the provisions of any cane supply or similar agreement that may subsist between the mill concerned and a particular grower: Provided that if there is any conflict between the provisions of any such cane supply or similar agreement and any agreement concluded in terms of clause 130, the provisions of the latter agreement shall prevail, save as may otherwise be agreed in terms of clause 130(f). Any agreement concluded in terms of clause 130A, including agreements concluded by the Local Grower Councils which preceded the Local Grower Structure/s (and for clarity, the Local Grower Council was

previously defined in this agreement as the Local Grower Council referred to in SACGA's Memorandum of Incorporation "representing growers contracted to deliver cane to a particular mill"), remains binding until it is replaced by another agreement concluded in terms of clause 130A.

132. If any dispute arises between a mill and a grower in relation to an agreement negotiated between the mill and a Local Grower Structure/s, either party may refer the dispute to the Appeals Tribunal for determination.

132A. The ordinary expenses for the performance of the functions of each Local Grower Structure in terms of this agreement, as agreed in terms of a Co-operation Agreement if applicable, shall be financed by each grower contracted to deliver cane to a mill. After conclusion of a Co-operation Agreement if applicable, every grower contracted to deliver cane to a particular mill shall be deemed to have authorized that mill to make a deduction from his cane proceeds to fund the Local Grower Structure/s' ordinary expenses, and the Local Grower Structure/s may by written notice to the mill, require the mill to:

- (a) deduct the amount stipulated in that notice from the cane proceeds payable to each grower (which amount may not exceed the amount agreed in terms of the agreement concluded in terms of clause 130); and
- (b) pay the amount deducted to the Local Grower Structure/s, in the proportions agreed in any applicable Co-operation Agreement, provided that the Local Grower Structure/s shall use the amounts so recovered to perform their functions in terms of this agreement.

CHAPTER 5

PAYMENT FOR CANE

Payment for Cane

133. For the cane delivered by a grower to a mill in each year, the grower's home mill shall pay the grower a price per ton based on the recoverable value of the cane, not less than the price determined in accordance with the provisions of this Chapter: Provided that, if a grower delivers cane to a mill in the month of March in any year, the South African Sugar Association may, on the application of the Mill Group Board concerned, declare that such cane shall, for the purposes of this Chapter, be deemed to be delivered in the following year.

Cane Testing

134. The South African Sugar Association shall establish and maintain a Cane Testing Service which -
- (a) shall provide an audit function in respect of the determination of the total mass of recoverable value of cane entering each mill in accordance with clause 53, and
 - (b) may undertake the sampling and laboratory procedures aimed at the determination of the recoverable value of cane delivered by growers to each mill, in respect of which the relevant Mill Group Board has entered into a contract with the South African Sugar Association for the provision of such services.

135. The South African Sugar Association shall issue and keep up-to-date a manual called the "Official Methods for the Determination and Distribution of Total Recoverable Value of Cane" ("the Official Methods Manual") and no amendment shall be effected to the Official Methods Manual, except with the prior written approval of the South African Sugar Association.
136. Each mill shall provide and maintain all such measuring equipment as specified by the South African Sugar Association from time to time for the measurement of the mass of cane and mixed juice and any other relevant substance derived from cane, which equipment shall also comply and be maintained in accordance with the Trade Metrology Act, 1973 (Act No. 77 of 1973), if applicable. The mass determinations shall be carried out in accordance with the procedures detailed in the Official Methods Manual.
137. The Mill Group Board at each mill shall be responsible for the determination of the total mass of recoverable value of cane entering the mill concerned in terms of clause 53 to the satisfaction of the South African Sugar Association. The South African Sugar Association shall at all times have access to all facilities, data and other information which it deems necessary in order to verify the accuracy of the determination of the total mass of recoverable value of cane entering the mill.
138. Should the South African Sugar Association be dissatisfied with the determination of the total mass of recoverable value of cane entering a particular mill, it shall advise the relevant Mill Group Board of its findings and of the steps it requires to be taken to remedy the situation and may order amendments to the results of determinations by the Mill Group Board, with retrospective effect. The Mill Group Board shall implement the requirements of the South African Sugar Association: Provided that should the Mill Group Board or the mill or grower(s) concerned dispute the validity of the steps or the amendments, they shall be entitled to refer the matter to the Administration Board for a ruling.
139. Each Mill Group Board shall provide and maintain all equipment, devices, chemicals and other facilities as are necessary to ensure compliance with the Official Methods Manual.

Analysis of Cane Deliveries

140. In order to determine the recoverable value of each consignment of cane delivered to a mill by a grower -
- (a) individual cane consignments shall be tested in a manner and at a frequency determined by the Mill Group Board concerned from time to time;
 - (b) each mill shall, in consultation with the Mill Group Board concerned, design and operate its mill cane yard and cane carrier systems so as to facilitate the determinations required in terms of clause *53*;
 - (c) when cane is delivered to a reloading site, the cane shall, as far as practicable in the light of the quantities of individual consignments, be stored so that the reload vehicle is filled with cane from one grower only;
 - (d) notwithstanding the provisions of paragraphs (a) to (c), inclusive, if consignments from any particular growers are, in the opinion of the Mill Group Board concerned, consistently too small for separate sampling or cannot practically be separately sampled for good and sufficient reason, the Mill Group Board may direct that such consignments be grouped for combined sampling and testing and the results of such combined sampling and testing of the cane shall apply to all the cane consignments so grouped within a distribution period referred to in clause *142*;
 - (e) as far as practicable, consignments shall be crushed in the sequence of the dates and times of their delivery to a mill (and similarly reloaded on a first in first out basis at reloading sites);
 - (f) storage times in a mill yard shall be kept to a minimum and the Mill Group Board concerned shall monitor the delay of all consignments stored in a mill yard;

- (g) a Mill Group Board may annul or adjust any test results which it considers to be irrational;
- (h) any consignment of cane which for any reason is not sampled, shall be credited a recoverable value in accordance with the procedures provided for in the Official Methods Manual.

Application of Adjusting Factors

- 141. The individual consignment analytical parameters arrived at shall then be adjusted in respect of each distribution period by the Mill Group Board concerned by the application of adjusting factors which shall be determined for the distribution period according to the Official Methods Manual.
- 142. Each distribution period, which shall normally be seven days, shall be fixed by the Mill Group Board concerned or, if the Mill Group Board is unable to agree, a distribution period shall be determined by the Administration Board.

Variations

- 143. If at any particular mill circumstances should arise which warrant a variation from the strict interpretation of any of the procedures relating to the determination of recoverable value of cane the Mill Group Board concerned may, subject to the approval of the South African Sugar Association, authorise such variation on such basis and for such period as it shall determine.

Monthly Cane Delivery Statements

- 144. Each Mill Group Board shall report monthly to the mill concerned and to the Administration Board and the Growers' Association the total mass of cane delivered by each grower to the mill during the preceding monthly period, and the recoverable value thereof.

Relative Recoverable Value and Payment

145. For the purpose of clauses 146 to 154, inclusive, the term "growers" in relation to a mill means all growers in respect of which such mill is their home mill.
146. Subject to any provisions herein to the contrary, each mill shall pay growers prices for cane deliveries based on the relative recoverable value of the cane, but Union Co-op may adopt its own system of payment for the growers contracted to deliver cane to its mill.
147. Notwithstanding anything to the contrary contained in this chapter, the prices payable by a mill to a grower in respect of sugar beet deliveries shall be subject to agreement between the mill concerned and the grower concerned.
148. Payment for all out of season cane shall be based on actual recoverable value and not relative recoverable value of the cane.
149. The percentage of the relative recoverable value of the cane delivered by growers to a mill shall be calculated in each year according to the following provisions -
- (a) In respect of the cane delivered by each grower, the percentage of the relative recoverable value of the cane crushed each week shall be calculated by adding the actual recoverable value percent of the cane as determined by the Mill Group Board concerned to the mean recoverable value percent cane for all the growers for the entire year concerned (excluding out of season cane deliveries), and deducting therefrom the mean recoverable value percent cane for all the growers during the week in which the cane is crushed; and
 - (b) until the actual mean recoverable value percent cane for the year is finally established for the mill concerned, the figure shall be estimated by the Mill Group Board concerned;
 - (c) each Mill Group Board shall advise the Administration Board monthly, at the time of submitting cane and recoverable value estimates, of the

estimated mean recoverable value percent cane for the year of all the relative growers and should the Mill Group Board fail to agree on an estimate, the Administration Board shall determine the estimate;

- (d) in order to assist with the determination of the estimates as accurately as possible, without derogating from the power conferred on the Mill Group Boards or the Administration Board in terms of paragraphs (a), (b) and (c), a committee comprising one representative of each of the Millers' and Growers' Associations and the South African Sugar Association shall determine independent statistical forecasts and review these at least monthly with a view to making recommendations to each Mill Group Board on the estimates of seasonal mean recoverable value percent cane of the relative mill, and the committee may co-opt additional members as it thinks fit; and
- (e) when the actual mean recoverable value percent cane for the year is established for the mill concerned, a final adjustment shall be made to incorporate the actual seasonal mean in place of the estimated seasonal mean for the growers concerned.

150. At each mill the Mill Group Board shall calculate the relative recoverable value percent cane for each grower on a weekly mean basis and each grower shall be informed by the Mill Group Board concerned at the end of each week of his or her mean actual and relative recoverable value percent cane for the week, as well as of the mean for all growers for the week and the estimated corresponding mean for the year concerned.

151. Payment by a home mill to a grower for the cane delivered by the grower to a mill shall be made on the basis that -

- (a) a provisional payment for cane delivered in each respective mill month shall be made 30 days after the last day of the corresponding calendar month and the amount of each provisional payment shall be not less than the sum of the product obtained by multiplying 90% of the estimated price per ton of recoverable value, as determined in terms of the provisions of Chapter 6 for the immediately preceding month, by the accumulated

recoverable value of the cane deliveries of the grower from the commencement of the year up to and including the last day of the mill month in respect of which the payment is due, less the total of all provisional payments previously made to him in respect of the year concerned;

- (b) a mill may differentiate between provisional payments made to different categories of growers as determined by the mill in the light of delivery patterns and other factors but in no case shall any provisional payment be based on less than 90% of the estimated price per ton of recoverable value and, in the event of such differentiation, the retention interest values shall be calculated separately for each respective category in terms of clause 152, and
- (c) a final payment shall be made on 31 March in each year and the amount of the final payment shall be the sum of the product obtained by multiplying the price per ton of recoverable value, as finally determined in terms of the provisions of Chapter 6 for that year, by the accumulated recoverable value of the cane deliveries of the grower during the year, less the total of all provisional payments previously made to the grower in respect of the year concerned together with retention interest calculated in accordance with the provisions of clause 152.

152. At each mill there shall be calculated retention interest values per ton of recoverable value, which shall be the total of a calculation for each month during the year in which cane is delivered, divided by the total tons of the recoverable value of the cane delivered by the growers during the year, which calculation shall be made in accordance with the following formula:

$$(V \times W - R \times M) \times \frac{P}{12} \times Z$$

In which formula the factor -

- (a) V represents the total cumulative tons of the recoverable value of the cane delivered from the commencement of the year up to and including the last day of the month concerned;
- (b) W represents the price per ton of the recoverable value of cane as finally determined for that year in accordance with the provisions of Chapter 6 or, if clause 153 applies, the deemed recoverable value price determined by the South African Sugar Association in terms of that clause in respect of the period concerned;
- (c) R represents the total cumulative tons of relative recoverable value of the cane delivered from the commencement of the year up to and including the last day of the month concerned;
- (d) M represents the estimated price per ton of the recoverable value of the cane used as the basis in determining the provisional payment for the month concerned, less the retention deducted by the mill;
- (e) P represents the period of time in months until the following payment (normally one month, except for the period between the last provisional payment and 31 March); and
- (f) Z represents the weighted average of the daily prime bank overdraft rate chargeable by the Sugar Association's bankers from 1 March in the preceding year to 28 February in the year concerned, less one half of a percentage point.

153. For the purpose of the formula set out in clause 152, if any notional local market price referred to in Chapter 6 is increased or reduced during any year, the South African Sugar Association shall –

- (a) estimate and determine the effect that such increase or reduction has on the finally determined recoverable value price for that year and the date from which it will have such effect; and

- (b) determine a deemed recoverable value price which excludes this effect and which shall be applied to all deliveries of cane up to the date so determined, and the recoverable value price as finally determined for that year which shall be applied in respect of the period after that date, subject to any directions or adjustments that may be laid down by the South African Sugar Association.

154. The retention interest payment to each grower shall be calculated by multiplying the tonnage of recoverable value of the cane delivered by him or her by the retention interest value per ton of recoverable value for the grower's home mill.

Share of Filter Press Cake

155. Growers contracted to deliver cane to a mill shall have the right to participate in filter press cake residual from the milling process in accordance with such arrangements as may be made between that mill and its Mill Group Board and, failing that, such arrangements as may be decided by the Administration Board. If a mill loads, rails or delivers such cake, the cost of such service shall be paid by the growers concerned and delivery shall be in accordance with arrangements to be made to suit the convenience of the parties concerned.

Access to Data

156. Any person duly authorised thereto by the South African Sugar Association shall have reasonable access to mills and their records relating to cane testing and to the records of the Mill Group Board concerned in the course of performing their duties or carrying out any authorised inspection or investigation. Each mill and any person duly authorised thereto by a mill shall have reasonable access to the Mill Group Board's records in the course of performing the mill's duties or carrying out any inspection or investigation. The Millers' and Growers' Associations shall at all times have access to the data relating to cane testing in the possession of the South African Sugar Association.

Financing of Cane Testing Service

157. The amount required for the costs and expenses of cane testing at each mill shall be apportioned between the mill and the growers concerned in the percentage share in the division of proceeds fixed in clauses *168* to *170*. Provided, however, that the Mill Group Board may determine a different apportionment of such costs. Such costs shall be recovered by Mill Group Boards in terms of clause *68*.
158. The amount required for the operating costs and expenses of cane testing at each mill where the service is provided by the South African Sugar Association, as determined from time to time by the South African Sugar Association, regardless of the method of testing employed may be advanced by the South African Sugar Association. The South African Sugar Association shall recover such amount on the basis determined by it.
159. The amount required for the costs and expenses of the audit function of the Cane Testing Service referred to in clause *134(a)* shall be an industry obligation.

CHAPTER 6

DETERMINATION AND DISTRIBUTION OF PROCEEDS AND CANE PRICES

Interpretation

160. In this Chapter, unless the context otherwise indicates -
- (i) “the Growers’ Statutory Costs” means for the first year of the Transitional Period, the amount calculated by the sum of the costs of SACGA and SAFDA respectively approved by the Association’s Council for the 2019/2020 season, escalated on 1 April 2020 by a rate equal to the year on year change in the headline consumer price index, for all urban areas, for January as reflected in table P0141 or its successor as published by Statistics SA, expressed as a percentage, and for each season of the Transitional Period thereafter, the Growers’ Statutory Costs for the immediately preceding season escalated on 1 April (such escalation being compounded each season) by a rate equal to the year on year change in the headline consumer price index, for all urban areas, for January as reflected in table P0141 or its successor as published by Statistics SA, expressed as a percentage and less the Meeting Costs and other industry obligations in terms of clause 175.”. *162*,
 - (ii) “the notional local market price” means the notional price attributed to local market brown sugar, refined sugar and molasses, respectively, determined from time to time by the South African Sugar Association in terms of clause *161*; and
 - (iii) “milling” includes refining and “miller” includes refiner.

161. The South African Sugar Association shall, for the purpose of determining the gross proceeds from the sale of production in terms of this Chapter, from time to time determine –
- (a) separately for brown and refined sugar, respectively, the notional local market price of sugar to be sold on the local market by millers, ex-factory in bulk or packed in one ton bags or 25kg pockets; and
 - (b) for molasses, the notional market price of molasses to be sold on the local market by millers ex-factory and which will also represent the value of molasses utilised by millers.
162. (a) The South African Sugar Association shall collect the Growers' Statutory Costs in each year by way of a levy imposed in terms of Chapter 7. MCP's shall be subject to a maximum levy equal to the lesser of R4.00 per ton cane delivered (and this R4.00 amount shall be adjusted for each season starting from 1 April 2021 by the year on year change in the headline consumer price index, for all urban areas, for January as reflected in table P0141 or its successor as published by Statistics SA or its successor) and the average per ton cane levy required to recover the Growers' Statutory Costs each year.
- (b) The South African Sugar Association shall pay to SACGA and SAFDA equal portions of the Growers' Statutory Costs so collected.
163. If the South African Sugar Association, in terms of the proviso to clause 133, declares that any cane delivered in March of any year shall be deemed to be delivered in the following year the sugar and molasses produced from such cane by the mill concerned shall similarly be deemed to be produced in that following year.

Determination of Gross Proceeds

164. In respect of each year the South African Sugar Association shall determine the gross proceeds from the sale of production, which shall be the total of -

- (a) the proceeds of local market refined sugar, calculated by multiplying the tonnage of such sugar produced and estimated to be produced during the year, by the weighted average notional local market price of refined sugar applicable during that year;
- (b) the proceeds of local market brown sugar, calculated by multiplying the tonnage of such sugar produced and estimated to be produced during the year, by the weighted average notional local market price of brown sugar applicable during that year;
- (c) the proceeds of export sugar, including high test molasses, received by millers from Sasexcor, calculated by multiplying the tonnage of such sugar, including the sugar equivalent as determined by the South African Sugar Association of high test molasses produced for export and the local market during the year, by the net average export price per ton of all export sugar produced during the year, and for which purposes -
 - (i) the net average export price shall comprise the net free alongside ship or free on board proceeds of such export sugar including any polarisation awards and quality bonuses or penalties to which shall be added other income applicable to export sugar such as, *inter alia*, address commission, despatch money and interest and from which proceeds shall be deducted any other costs or charges applicable to export sugar, excluding those which comprise industry obligations and any adjustment, in respect of a previous year, referred to in sub-paragraph (ii); and
 - (ii) the final determination of export proceeds for each year shall be made by the South African Sugar Association not later than 31 March in each year and, if certain components of proceeds require to be estimated in order that the final proceeds may be so determined, any differences between the actual and the estimate of such components shall be brought to account as an adjustment in the calculation of the net average export price for the following year;

- (d) the net amount of any adjustment in respect of a previous year, resulting from the differences referred to in sub-paragraph (c)(ii) between the estimated and actual amounts of any components of the export proceeds; and
- (e) the proceeds of final molasses including refinery molasses, produced and estimated to be produced during the year, as determined by the South African Sugar Association; which proceeds represent -
 - (i) proceeds from local market sales of molasses and the value of molasses utilised by millers, based on the notional local market price of molasses; and
 - (ii) proceeds from export market molasses being the total realisation of export market molasses sold, less costs of distribution, handling, storage and transport.

Net Divisible Proceeds

165. In respect of each year, the South African Sugar Association shall determine the net divisible proceeds by deducting from the gross proceeds calculated in accordance with the provisions of clause *164*, the industry obligations in respect of the year concerned.

Allocation of Share of Net Divisible Proceeds to Growing

166. For the purpose of determining the price per ton of recoverable value of cane payable by mills to growers in each year there shall be allocated to growing a share being a percentage of the net divisible proceeds, which percentage shall, subject to clause *169*, be –

62,7327% in the 2000/2001 year,
62,8593% in the 2001/2002 year,
62,9852% in the 2002/2003 year and
63,0316% in the 2003/2004 year and thereafter.

167. The percentage of the net divisible proceeds allocated to growing shall be adjusted for any year during which the aggregate tonnage of saleable sugar produced by all millers is less than 1,8 million tons by reducing such percentage by one half of a percentage point.
168. The basis of allocation of a share of the net divisible proceeds to growing referred to in clauses 166 and 167 may at any time be varied by agreement in writing by the Millers' Association and the Growers' Association, which Associations may at any time, if both agree, and shall during the year 2003/2004, meet with a view to reviewing the basis of allocation.

Proceeds of Recoverable Value

169. In respect of each year, the South African Sugar Association shall calculate and determine the amount of the share of the net divisible proceeds determined by it in accordance with the provisions of clause 165, which is to be allocated to growing in accordance with the provisions of clauses 166 and 167, subject, if applicable, to clause 168 by deducting the Growers' Statutory Costs for the year and adding the Meeting Costs Equalisation Amount, and then attributing the total amount of the remainder of the share of the net divisible proceeds allocated to growing to the total proceeds payable by mills to growers for cane deliveries in such year."

Price for Recoverable Value of Cane

170. In each year, the price per ton of recoverable value payable by mills to growers for cane deliveries shall be equal to the recoverable value of such cane calculated by dividing the total proceeds determined as payable by mills to growers in accordance with the provisions of clause 169 by the total tonnage of the recoverable value of cane delivered during the year concerned.

Provisional and Final Prices for Recoverable Value of Cane

171. All elements of the determination of prices payable by mills to growers based on the recoverable value of cane deliveries shall be estimated by the South African Sugar Association at the commencement of each year and thereafter monthly during the year for the purpose of enabling provisional payments to be made to growers in accordance

with the provisions of clause 151(a).

172. The final determination of such prices shall be made by the South African Sugar Association not later than 31 March in each such year for the year then ending.

Production Schedules

173. For the purpose of complying with the provisions of this agreement -
- (a) each mill, including a sugar beet mill, shall during each year and according to a timetable to be issued before the commencement of the year submit to the South African Sugar Association returns, in such form as is determined from time to time by the South African Sugar Association, of -
 - (i) in the case of a mill other than a sugar beet mill, the estimated annual and actual monthly deliveries to the mill of cane and of the recoverable value of cane;
 - (ii) the estimated annual and actual monthly sugar and molasses production; and
 - (iii) total sugar production in respect of the year concerned which must be supported by a certificate of verification by the relative mill's independent auditor in a form acceptable to the South African Sugar Association.
 - (b) in respect of each year the South African Sugar Association shall prepare -
 - (i) final production schedules in respect of all cane supplied by growers to mills and the recoverable value thereof;
 - (ii) final sugar and molasses production schedules in respect of each mill including sugar beet mills.

174. If any mill, including a sugar beet mill, fails to supply the information required in terms of clause 173, according to the timetable issued by the South African Sugar Association, then the South African Sugar Association may, in writing, call upon any such mill to supply such information as has not been supplied within 14 days of the date of such request. If the mill concerned does not supply such information within the 14 day period, then the South African Sugar Association may make an assessment of the relevant tonnage of cane, recoverable value of cane, sugar or molasses, as the case may be, and its assessment shall be binding, for all purposes, on such mill.

CHAPTER 7

SOUTH AFRICAN SUGAR ASSOCIATION AND DISPOSAL OF CROP

Industry Obligations

175. Subject to clause 176, all expenditure incurred by or at the instance or with the approval of the South African Sugar Association from time to time in accordance with the powers conferred upon it in terms of its Constitution or as provided for in this Agreement shall be industry obligations, and which expenditure, without limiting the generality of this provision, includes expenditure pursuant to obligations assumed in respect of loans raised by or at the instance of the South African Sugar Association and Meeting Costs.
176. The South African Sugar Association may at any time resolve that expenditure incurred by it or to be incurred by it shall not be an industry obligation by reason of the fact that such expenditure relates specifically to a particular grower, miller or refiner or to a particular group of growers, millers or refiners.

Determination of Local Market and Export Market

177. The South African Sugar Association shall in respect of each year determine the quantities of sugar required for the local market, including carry over stocks, and for the export market, respectively, and shall allocate to each mill, including a sugar beet mill, a quota of each such quantity. Quotas so allocated to each mill shall be allocated separately in respect of local market refined sugar and local market brown sugar, on the one hand, and to export sugar on the other hand, and shall be determined for each such category, as may be applicable in each year in the proportion which each mill's total

saleable production of sugar bears to the total quantity of saleable sugar produced by all mills, including sugar beet mills.

178. In respect of each year the quantity of sugar required in respect of carry over stocks, shall be allocated proportionately to the respective mills in relation to their sales on the local market (excluding carry over stocks) in that year. Each mill will sell to the South African Sugar Association, which will be obliged to buy, the proportion so allocated to it.

Exports

179. There is no obligation on any mill, including a sugar beet mill, to export or provide for export that quantity of sugar that is represented by its export quota allocated in terms of clause 177.
180. Each mill shall in respect of each year provide and deliver to Sasexcor for export the quantity of sugar produced by it and which it does not sell on the local market. Sugar provided for export shall, unless the South African Sugar Association otherwise determines, comprise only bulk raw sugar and it shall otherwise comply with the terms and conditions as are or may be determined by the South African Sugar Association.
181. Sasexcor shall acquire from the respective mills all the sugar to be so exported and ensure that it is exported, according to the following provisions-
- (a) Each mill shall in each year sell or ensure the sale to Sasexcor and Sasexcor shall purchase all sugar which the mill concerned is obliged to provide for export;
 - (b) The prices payable by Sasexcor shall be determined by the South African Sugar Association from time to time in order to comply with the provisions of Chapter 6;

- (c) Payment for sugar purchased by Sasexcor shall be made to the respective mills when the proceeds of each sale are received by Sasexcor: Provided that -
- (i) all export sugar delivered by mills in any one month, the proceeds of which are not received during the succeeding 90 days from the end of that month shall, on the expiry of the said 90 days, be financed by Sasexcor to the full extent of the estimated value at which export sugar is to be paid for by Sasexcor and the South African Sugar Association shall at the same time finance Sasexcor to the full extent of the estimated value of the proceeds which Sasexcor will pay for the sugar in accordance with the provisions of clause *186*;
 - (ii) in the case of sugar sold in respect of which the proceeds are not received by 31 March in each year Sasexcor shall finance mills and the South African Sugar Association shall finance Sasexcor in accordance with the provisions of paragraph (i) until payment is received; and
 - (iii) a mill which, as at the end of the year concerned, has not delivered in full to Sasexcor sugar to the full extent of its export obligation, shall not be entitled to receive payment in terms of the foregoing provisions in respect of the shortfall until the shortfall has been so delivered;
- (d) The sale and delivery to Sasexcor of sugar to be purchased by it shall be deemed to be effected immediately prior to delivery to the buyer to whom it is re-sold on condition that any export sugar unsold as at 31 March in any year shall be purchased by and delivered to Sasexcor on that date and the South African Sugar Association shall in turn purchase from Sasexcor, at a price to be agreed between them, any such sugar;

- (e) Sasexcor shall bear no risks or other liabilities or obligations in respect of any of the sugar purchased or sold by it and the South African Sugar Association shall accordingly indemnify Sasexcor and hold it harmless against any claim which Sasexcor may be compelled in law to meet, subject to any right of recovery which the South African Sugar Association or Sasexcor may have as against any mill or other person; and
- (f) The South African Sugar Association shall be responsible for ensuring that Sasexcor performs its functions in terms of this agreement.

Redistribution of Local Market Proceeds

182. The provisions of clause 183 apply to all mills, including sugar beet mills and, in that clause, the expression "mill" includes a sugar beet mill.
183. In each year, if a mill sells on the local market a greater quantity of refined sugar or brown sugar (including carry over stocks) than the quantity allocated to it as its local market quota in terms of clause 177, that mill will pay to the South African Sugar Association an amount for redistribution amongst those mills which, during that year, sell on the local market quantities of refined sugar or brown sugar, respectively, which are less than their allocated local market quotas, according to the following provisions –
- (a) During April of each year, the South African Sugar Association shall provisionally estimate each mill's local market quotas for refined sugar and brown sugar, respectively, and during the year shall continuously revise such estimates until the quotas are finally determined at the end of the year. References in this clause to a local market quota shall be construed as such quota from time to time so estimated, until finally determined.

- (b) The quarters referred to in this clause are sugar marketing quarters as determined by the South African Sugar Association in respect of each year, the last days of which need not co-incide with the last days of the calendar quarters concerned.
- (c) In respect of each quarter ending on the last day of June, September, December and March, each mill (“an over-performing mill”) which sells on the local market more refined sugar or brown sugar (“the excess quantity”) than the *pro rata* share that its local market quota bears to the aggregate quantity of all such sugar sold in the quarter concerned by all mills on the local market, shall pay an amount calculated in terms of paragraph (d) to the South African Sugar Association, for redistribution as hereinafter provided.
- (d) The amount payable in respect of each quarter to the South African Sugar Association by an over-performing mill will be equal to the excess quantity sold by that mill during that quarter multiplied by the weighted average of the notional local market price (determined by the South African Sugar Association in terms of chapter 6 applicable during that quarter), less (except in the case of a sugar beet mill) the financial levy imposed by the South African Sugar Association in terms of this Chapter applicable thereto, and less a manufacturing allowance determined according to rules laid down by the South African Sugar Association: Provided that -
- (i) the amounts payable for redistribution in respect of the quarters ending on the last days of September, December and March will include a recalculation of the previous quarter or quarters (as the case may be) from the beginning of the year on a cumulative basis;

- (ii) the manufacturing allowance will not be deducted from the amounts payable for redistribution in respect of the quarter ending on the last day of June and the manufacturing allowance for that quarter will then be taken into account as a deduction in the recalculation of the amounts payable for redistribution in the calculation made at the end of the September quarter;
 - (iii) any amount deducted in terms of the proviso set out in sub-paragraph (e)(i) from the amounts payable to under-performing mills, will be credited in calculation of the amounts payable by over-performing mills for redistribution in respect of the quarter concerned, *pro rata* in relation to the amounts payable by them, respectively, and those credits will be reversed in the recalculation at the end of the next quarter;
 - (iv) the calculations to be made at the end of the June, September and December quarters will each be based on the South African Sugar Association's latest estimate at that time of the respective mills' local market quotas for the year concerned and the final calculation to be made at the end of the March quarter will be based on the actual local market quotas for that year.
- (e) The amounts payable by over-performing mills to the South African Sugar Association in terms of the foregoing provisions shall then be redistributed by the South African Sugar Association to those mills ("under-performing mills"), respectively, which, during the quarter concerned, will have sold on the local market less refined sugar or brown sugar, respectively, than the *pro rata* shares that their local market quotas bear to the aggregate quantity of all such sugar sold by all mills on the local market during that quarter; which

redistribution, subject to paragraph (f), shall be made *pro rata* in relation to the respective shortfalls of the mills concerned: Provided that, if, at the end of a quarter, an under-performing mill has not realised in full its previous year's carry-over stocks of sugar -

- (i) an amount equal to the value of its unrealised carry-over stocks will be deducted in calculating the amount to be redistributed to that mill in respect of that quarter;
 - (ii) the debit in respect of the amount so deducted will be reversed in the recalculation of the amount to be redistributed at the end of the next quarter.
- (f) If, in any quarter, a sugar beet mill is an under-performing mill, the South African Sugar Association shall adjust the *pro rata* shares of the amount to be redistributed in terms of paragraph (e) by adding back to the amount to be redistributed any financial levy that will have been deducted from the amount payable by each over-performing mill.
- (g) An amount payable by an over-performing mill for redistribution in terms of the foregoing provisions shall be paid within thirty days of the last day of the quarter concerned, except for an amount in respect of the final quarter which shall be payable upon the date on which, in terms of this agreement, the South African Sugar Association purchases carry-over stocks from mills and shall be set off, *pro tanto*, against the purchase price for such carry-over stocks.
- (h) In respect of each quarter, the amounts to be redistributed in terms of the foregoing provisions will be payable on the next day after the amounts payable by over-performing mills are due in terms of paragraph (g) and shall be paid by the South African

Sugar Association whether or not it shall have received the amounts payable by over-performing mills. If the South African Sugar Association suffers any loss in consequence of a default by an over-performing mill, that loss will be borne as an industry obligation.

- (i) All calculations necessary to give effect to the foregoing provisions shall be undertaken by the South African Sugar Association.

184. The proceeds of final molasses referred to in paragraph (e) of clause 164, before the deduction of rebates, shall be subject to a financial redistribution amongst mills based on the molasses production of the respective mills, which redistribution shall be undertaken by the South African Sugar Association at the end of each year in accordance with rules laid down by the South African Sugar Association.

Carry-Over and Export Obligations

185. The quantity of carry-over stocks required for the local market and the quantity of sugar to be exported in each year shall be determined in accordance with the constitution of the South African Sugar Association, the provisions of this agreement and such rules as may be laid down by the South African Sugar Association.

Financing Arrangements

186. The following financing arrangements shall be carried out by the South African Sugar Association -

- (a) all export sugar, local market high test molasses and export high test molasses delivered by mills in any one month, the proceeds of which are not received during the succeeding ninety days from the end of that month shall, on the expiry of the 90 days referred

to in clause *181(c)*, be financed by the South African Sugar Association on the basis of 100% of the estimated export value thereof;

(b) all export sugar, local market high test molasses and export high test molasses sold as at 31 March of each year, the proceeds of which are not received by that date, shall be financed by the South African Sugar Association on the basis of 100% of the estimated export value thereof, subject to clause *181(c)(iii)*;

(c) the carry-over stocks of sugar and high test molasses unsold as at 31 March of each year shall be purchased by the South African Sugar Association on and as at that date in order that the total output of each year may be regarded as sold during that year and the year's recoverable value prices may be properly determined with the least possible delay on the following basis -

(i) the purchase price of sugar for sale in the local market shall be the notional local market price referred to in Chapter 6 applicable on 31 March of that year;

(ii) the purchase price of export sugar, including the sugar equivalent as determined by the South African Sugar Association of high test molasses produced for export and the local market, shall be based on the estimated prices thereof as determined by the South African Sugar Association on the basis of the calculation of proceeds of export sugar referred to in clause *164(c)*; and

(iii) each miller and refiner will undertake the realisation, on behalf of the South African Sugar Association, of the local market carry-over stocks which it will have sold to the South African Sugar Association and, within such period after realisation (being when the sugar concerned is sold

to such miller's or refiner's customers) as will be laid down by the South African Sugar Association, shall pay to the South African Sugar Association the notional local market price or prices applicable on the date or dates of realisation; and

- (d) any final molasses sold as at 31 March of each year, the proceeds of which are not received by that date and any stocks of final molasses unsold as at 31 March of each year, shall be financed by the South African Sugar Association on the basis of 100% of the estimated net value thereof; and
- (e) the cost of financing local market sugar purchased in terms of paragraph (c) and of financing final molasses in terms of paragraph (d) shall be industry obligations.

Sugar Transport

- 187. Millers shall be responsible for the transport and the costs of transport of export sugar produced by them, which transport and costs will cover delivery to the port of Durban or Maputo, or such other port as the South African Sugar Association may approve. A mill delivering sugar to a terminal or warehouse operated by the South African Sugar Association shall utilise a mode of transport suitable for the receiving facilities thereat and shall not, without the South African Sugar Association's prior written approval change that mode of transport.
- 188. The costs of loading export bulk raw sugar on board ships, including storage and handling will be borne by the South African Sugar Association and will be industry obligations.
